About OFF

Property insurance is readily available in Ohio with hundreds of insurance companies competing for business. In fact, more than 98% of all property owners in Ohio are able to purchase coverage through a standard company. However, if your customers are unable to obtain coverage with a standard carrier, they can apply for coverage with the Ohio FAIR Plan.

The Ohio FAIR Plan (Fair Access to Insurance Requirements) was established in 1968 to provide insurance coverage for eligible property unable to obtain insurance through the voluntary market. Initially, OFF applied to a very limited number of metropolitan areas. By 1977 the entire state was eligible for basic property insurance through OFF. Ohio's FAIR Plan is one of approximately 30 such programs in the U.S.
